THE RIGHT ENVELOPE AND A FREE PICTURE

MRS. ROBERTS DREW THE PROPER CARD BUT THE TWO NINETY WAS DEMANDED.

"Now if you get the right envelope," said a man who gave his name as Hull to Mrs. Clyde C. Roberts, who lives at Katy and Trenton, the other morning, "you'll get a fine enlarged picture free."

And after a little coaxing Mrs. Roberts dipped in and got an envelope.

"Why, dear me," exclaimed Mr. Hull, "you get the free picture. And after congratulating Mrs. Roberts on her extreme good fortune he went on his way."

Two or three days later he delivered the picture. Mrs. Roberts thanked him and said she thought it was just fine.

"Yes, isn't it splendid? Two dollars and ninety cents please?"

"Why, you told me it was free," said Mrs. Roberts.

"You must surely be mistaken, madam," said Mr. Hull. "Don't keep me waiting. Just two ninety."

And Mr. Hull was right, obstinate and refused to leave the house without the money.

Mrs. Roberts called in one of her neighbors, who ordered Mr. Hull off the place. Mr. Hull wasn't fazed, and rudely told the neighbor lady that she shouldn't meddle in other folks' affairs.

The combined efforts of the women finally were too much for Mr. Hull and he left with the following threat:

"All right, I'll send a collector around in a few days and he'll get the two ninety, and some more, too." But the collector hasn't shown up yet, and neither has Mr. Hull.

FARMER CAPTURES A TURTLE OF 87 LBS.

ONE OF THE LARGEST EVER SEEN IN TULSA—CHIEF TURNS IT OVER TO AN EMBALMER.

A mud turtle which measures 22 inches long by 18 inches wide, and which weighs 87 1/2 pounds, was caught Wednesday afternoon by a farmer named Curtis, who lives about 11 miles south of Tulsa. Curtis captured it while seeking for bait in the Arkansas River near his farm. He killed it and brought it to Tulsa yesterday morning. It was purchased by James Calvin, chief at the Robinson hotel.

The chief desired to have the turtle stuffed, but he found that it could be preserved with embalming fluid, and the remains of the reptile are now in the possession of an undertaker.

Constipated all His Life Now Cured—Trial Free

One of the most harassing of troubles, though fortunately not fatal, is constipation, and millions of people suffer with it from infancy to old age. Its cause may be traced to any one of a dozen different circumstances of diet, environment and even birth.

Millions are practically born with constipation. Had they used intelligent methods at the beginning perhaps they would have found relief, but they had the usual misfortune of bad advice. They tried dieting, stewed fruits, then laxative waters, then pills and various other cathartics, and so in the end made matters worse. But there is still hope, even for the seemingly hopeless.

Have you ever tried Dr. Caldwell's Srup Pepsin? It has been on the market for many years and is as staple in the households of those who know its value as salt and sugar. It is a liquid laxative-tonic that you can buy of any druggist at fifty cents or one

TWO SENT TO JAIL; ASSAULT IS CHARGED

ASSYRIAN CLAIMS MOORE AND JONES BEAT HIM WITH BUTT ENDS OF SHOTGUNS.

Returning a verdict of guilty in the case of R. Jones and J. L. Moore, charged with aggravated assault of Cabel Cory, a Syrian peddler, both men were bound over to the district court by Judge Black yesterday and the bond in each case fixed at \$500. The men were unable to make the amount of bail and were committed to the county jail to await a hearing in the district court.

In a broken language, Cory told of how the men attacked him and almost maimed him for life with the butt ends of shotguns. The attack was made following a wordy war between the peddler and Jones' wife over the purchase of a dress pattern. The Jones woman is alleged to have taken a fancy to the pattern which was among the miscellaneous articles that Cory sold to his patrons in the surrounding villages.

On Cory's next visit to Tulsa, Okla., where the difficulty occurred, he happened to stop in at the Jones home to collect for the pattern. Mrs. Jones is said to have made a proposition for a plan of payment in which Cory could not see that he was getting value for value received. He had only gone a few blocks from the house when he met his two aggressors, who immediately set upon him and almost beat him senseless, so he alleges.

THREE MORE MEN GET OUT OF JAIL

MAKE KEY FROM PEWTER SPOON AND GAIN LIBERTY.

LATE DISCOVERY MADE

Ellis, Starr and Condon Found Gone When Roll Is Called Yesterday—Near Escape by Others.

With the aid of a crude key made from a pewter spoon, the cell door of one of the cages at the county jail was unlocked about 8 o'clock Wednesday night, the panderous doors swung open, and three of the most dangerous prisoners, with whom the local authorities had to deal made their escape by climbing over the rear door transom.

When the commotion attracted the attention of the new night jailer, C. A. Corbett, he hurried to the back end of the room and found three additional prisoners, who were confined in the same cage, preparing to make a dash for liberty. With a drawn revolver Corbett subdued the three men and marched them back into the cell and secured the door.

Nothing was learned of the third jail delivery in the past month, nor was it known to the jailer himself that three of the prisoners had made their exit until a check was made of the county jail yesterday morning. It was then learned that three of the shrewdest men in custody had made their escape. Ten prisoners were confined in the cell from which the delivery was made, and had not the jailer heard the noise all would have escaped.

R. A. Ellis, Andrew Starr and Alva Condon were the three men that failed to answer to roll call at the jail yesterday morning. They are still at large, and every effort of the officers to get a clue as to their whereabouts has proved futile. Deputy Sheriff John Durell, since the resignation of John Severns, the former jailer, has been putting in extra time at the jail, and was present when the men were patrolled back to their cells, being unable to make a count of them owing to the congestion of the cells, he was ignorant as to how many men escaped.

A general overhauling of the jail was made yesterday by the sheriff's force, and to the surprise of the men, drawings of crude keys, were found in the cells from which the men escaped. The theory is advanced that Andrew Starr, who is supposed to have followed a criminal career for years, manufactured the keys. A small saw made from the spring taken from the inside of a shoe was also found in the cell. With this device, one of the prisoners informed the deputies, a spoon was fattened and sawed by direction of the drawings made from the observation of the key that the jailer selected from his ring when opening the door.

R. A. Ellis, one of the three men charged with the burglary of the Roswell jewelry store and among those who escaped, is also thought to have helped in the manufacture of the key. He was arrested with George Daily, alias George Lovelace, and James Woods. The former is said to have made a key at the city jail from a broom handle, that worked to perfection on the doors. He was, however, discovered by Jailer Dixon working on the wood, and the instrument was taken from his hands before he could put it to use.

Andrew Starr was held to answer in the district court to a charge of passing a draft taken with other articles in a burglary of the McCandless millinery store on East Third last October. He cashed the draft for \$175 at the Beane-Vandever department store, after purchasing an order of goods amounting to about \$19 for a small girl who accompanied him. He attracted little suspicion at the time as the little miss was thought to be his daughter, but afterward found to be the daughter of a woman rooming on East First. Starr was arrested after an exciting chase through the Alborn hotel by Officer Pilkington and W. C. Ward, proprietor of the Prisco rooms, corner of First and Boston, was arrested as an accomplice.

Harry Ward, a partner of A. L. Walker, who last Tuesday made his escape from Jailer Severns by taking a Marathon sprint out the front door dressed only in scanty night attire, was one of the men preparing to climb through the transom when the jailer made his appearance. Ward is an alleged accomplice to the robbery of the Grand Theater box office when \$825 was taken from the theater.

Eddie Buefles, a member of the local colony of pugilists and charged with the robbery of the Wright clothing store, was another of the men, while Jack Wright, alleged implicated in the robbery of the Roswell jewelry store, was the third.

Sheriff McCullough had just left the jail for supper when the two men on guard made the discovery of the door being open. The sheriff has done everything in his power to prevent a repetition of the two first breaks for liberty, and had employed a force of men now at work barring the back windows. The work was almost completed with the exception of a hole just large enough to admit the passage of a man's body over the door partition. The prisoners learned of the work and daily heard the tap of hammers making the barricade stronger in event of another attempt to escape. They knew the time was fast approaching when their only recourse would be to make a dash from the deputy when being escorted to court. It is thought that the plans

Who Dictates the Quality of Your Shoes—You or the Leather Trust?

It is for you—the shoe wearer—to decide whether you will keep on buying shoes made of poor leather, tanned by cheap and hasty processes under the domination of the Leather Trust—

Or shoes made by the only manufacturers in this country who own their own tanneries and tan the leather they put into their shoes, independent of the Leather Trust. These independent shoes are Endicott-Johnson shoes. You can get them from a representative dealer right here in this town.

Endicott-Johnson shoes will give you more wear than the best shoes you have been buying. They are made of leather that you simply cannot get in any other shoe.

Furthermore, Endicott-Johnson shoes save you 50 cents to \$1.00 on every pair. They reach your home dealer direct from the factory—no profits to Trusts or middlemen.

Just try the shoes for yourself. For dress and business wear, you want the ENDWELL (Goodyear Welt)—retailing at \$3.00, \$3.50 and \$4.00.

ENDWELL shoes combine perfect foot comfort with all the little modish touches that a man wants in his shoes. Two hundred styles—a full range of lasts—every width of toe—all the colors of leather.

The name is stamped on every shoe—

ARRESTED ON BOOZE CHARGE.

H. A. Ridgeway, Butcher, Taken in Charge By Cleaver for Violation.
Alleged to accommodate his aprons thirst as well as check their hunger, H. A. Ridgeway, a butcher on North Greenwood, is said to have been found to be catering a little booze on the side. His place according to the officer, was in operation yesterday when

Barney Cleaver happened in and put a quietus on the joint.

Ridgeway's bond was fixed at \$100, which he made and he was released to appear in court at this evening's session. Several jugs of gin and other liquors were found in an ice box for storing meats during the warm weather.

Midland Improving Track.
Pawhuska, Okla., May 25.—The Midland Valley Railroad company has a construction gang with steam shovels, bettering the track a mile west

of Pawhuska. Most of the road bed has been drained and several other needed repairs have been and are being made. The Midland is getting ready to become a trunk line in the near future.

Beer in Safe Hands.
Pawhuska, Okla., May 25.—The large quantities of beer recently captured by the Osage County sheriff's force is held in care by Professor Gill, superintendent of schools. It can be presumed that the stuff will be safely kept while under his key.
